VOL I

JANUARY 2021

New Shoots

The Ambience Newsletter

Dear Children

Heartiest congratulations on your extraordinary performance at the Learner Led Conference!

Seeing how you have grown from strength to strength during the year makes my heart dance with joy. I am sure your parents and teachers are equally proud to see you work so earnestly and put in your best effort.

As we move towards the end of the academic year 2021, I want to touch upon something that I would like you to think upon ; How often have you felt that you can't do something or are not good at it or are not as good at it as your friend or sibling?

I urge you to rephrase this thought as, "I may not be good at it YET but I can become good at it with practice !" You see thinking/ feeling " I can't do this is limiting whereas saying." I can't do it YET gives us the opportunity to work at it and manifest our highest potential. So this year let us move from a Fixed mindset to a Growth mindset!

I have full faith in your potential.

Take care and see you soon!

May we raise children
who love the unloved
things – the dandelion, the
worms and spiderlings.
Children who sense
the rose needs the thorn
& run into rainswept days
the same way they
turn towards sun...

And when they're grown &
someone has to speak for those
who have no voice
may they draw upon that
wilder bond, those days of
tending tender things
and be the ones.

-Nicolette Sowder

"AMBIENCE LAURELS"

INDIA SCHOOL MERIT AWARDS 2020-21

Rewarding excellence in education

We are proud to share that our school was ranked No.1 CBSE School in India for Holistic Development

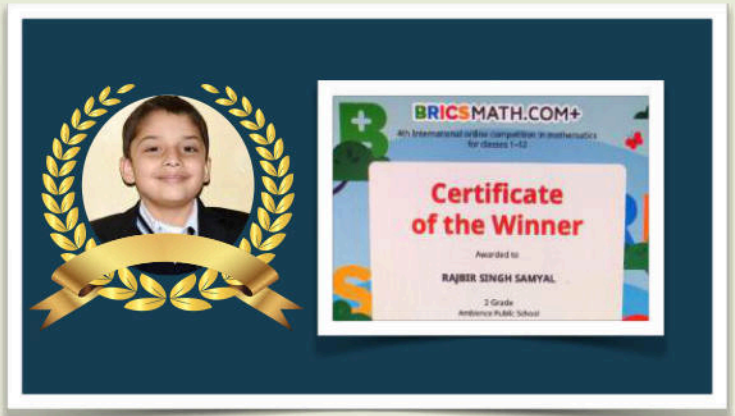

Aarvi Bharadwaj of Grade1 for securing **1st** position in "Listen-Imagine & Draw" at Lancers International school

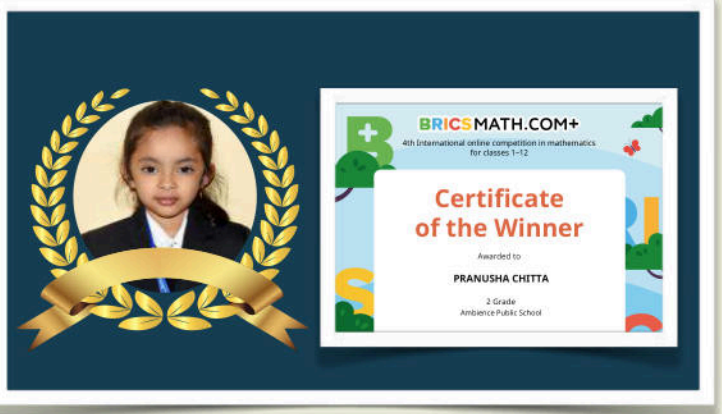

Urvansh Ranjan Pandey of Grade2 for securing **1st** position in "Mask Making" at Lancers International School

मेरी जान

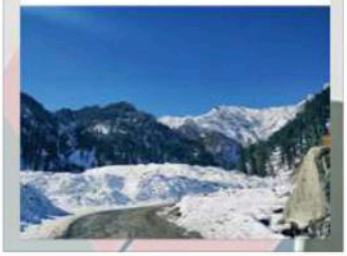

है तू

Grade 6 : Having fun with Limericks !

Rannvijay

There was a guy from north
He loved to grow crops
He had a big land
People said he had magic in his hands
He wore magical cloth.

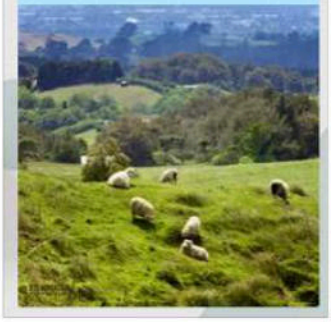

Abeer's Limericks

There was a girl from France.
She loves hamburger. She kept on eating hamburger till she exploded. As squirrels saw the explosion they ate the girls meat and hamburger which went into her stomach. Her mother, father and the entire family felt crying when she died.

Madhav's limerick

there was a short kid from New Zealand
He has his own land
He grew a special tea
and water them daily
He relax's in sand

Ansh's Limerick

There was old man from st. Cloud
He speaks very loud
He was lived at the hill
where there was a chill
For that he was very proud.

Prabal's limerick

There once was a man from India.
Who had a Mclaren Senna.
In fact he has Millionare.
He has tuxedos to wear.
His wife's name was Ava

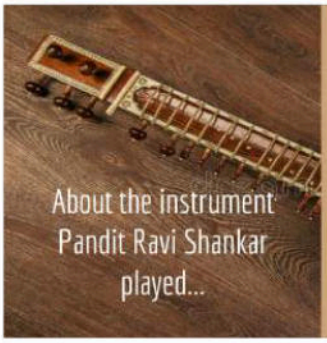

RULES

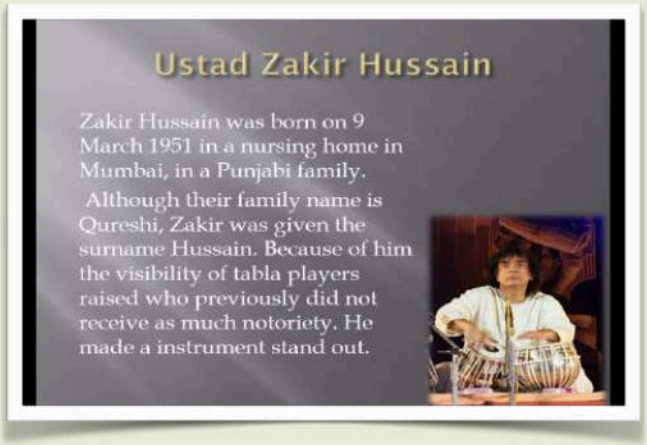

* Line 1 , Line 2, Line 5 will rhyme
* Line 3 and line 4 will rhyme
* What does the character do?

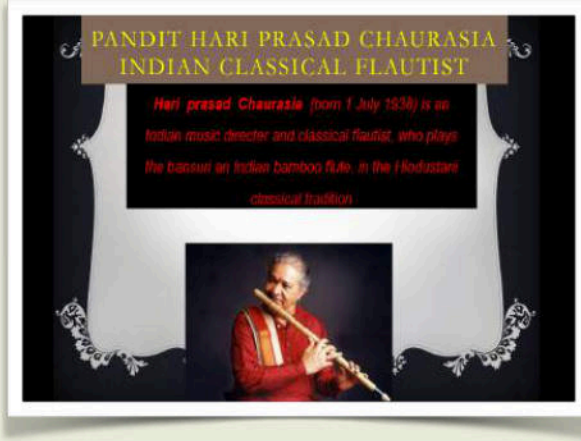

Students of grade 6 learnt how to write Limericks during the online classes. Limericks are basically short and rhythmic poems consisting of 5 lines with a rhyme scheme of AABBA. They often have a humorous undertone, therefore, the subject matter is often whimsical and funny. Students wrote their own versions of Limericks during the class on a padlet. They had to rhyme the 1st, 2nd and the 5th line. Similarly the 3rd and 4th line would end in rhyming words. They also added a picture which best describes the theme of their poem.

Grade 8's Research on Sound
Indian Musicians and their Instruments

As part of the Science topic 'Sound' learners of Grade 8 were asked to research about some of the famous Indian instrumentalists, the instrument that they play and what is one most inspiring thing about them.

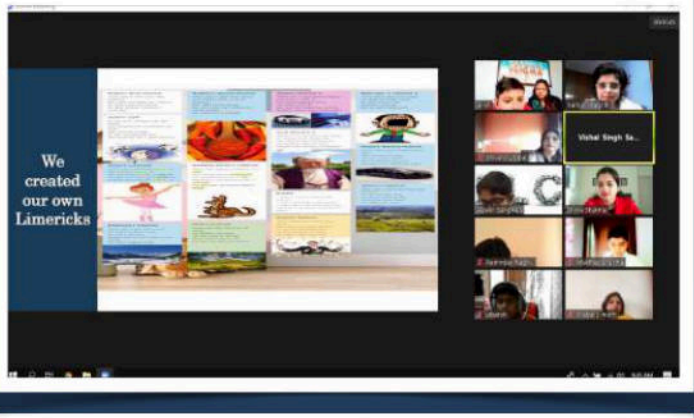

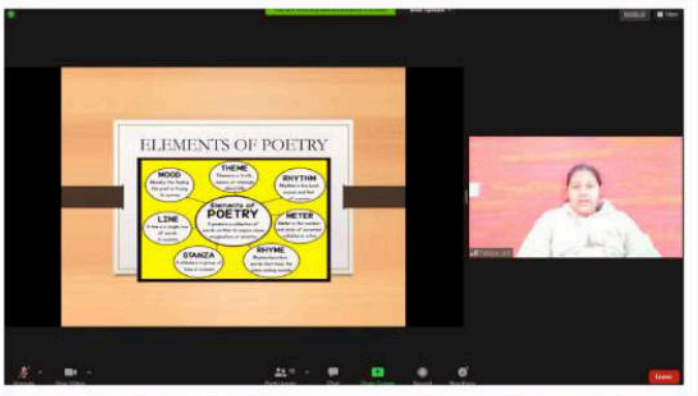

A Glimpse of our Learners' Led Conference

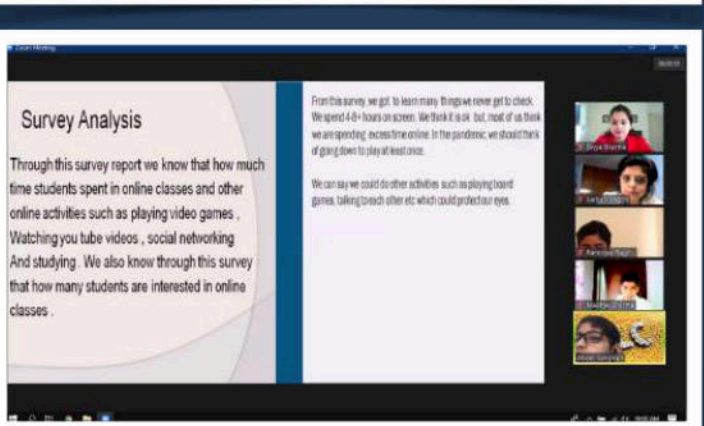

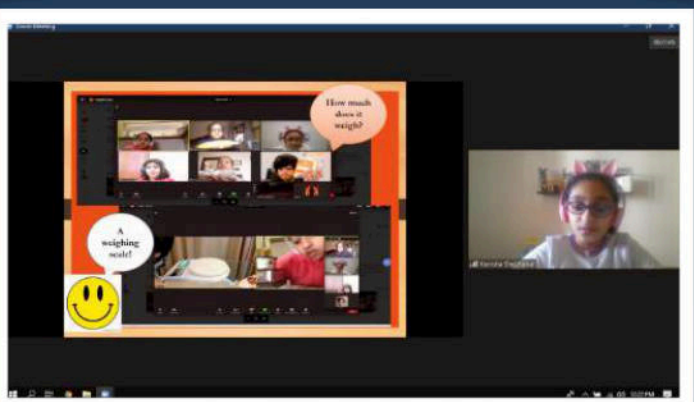

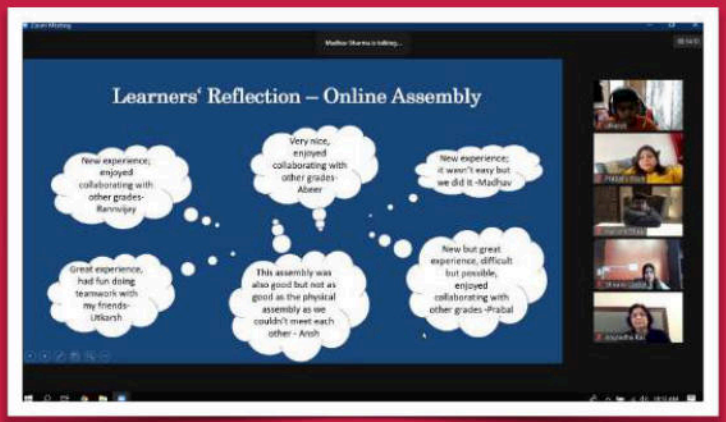

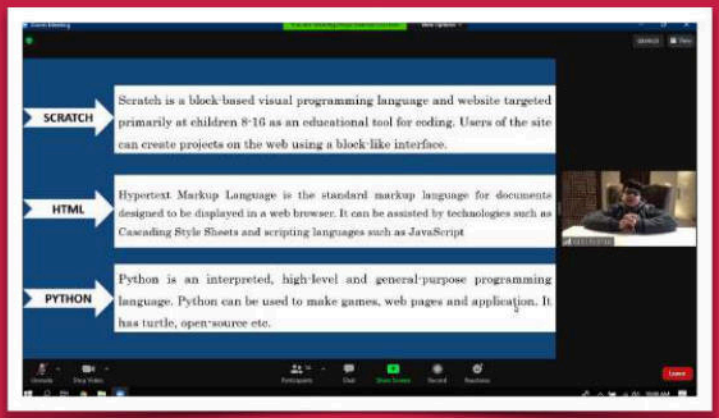

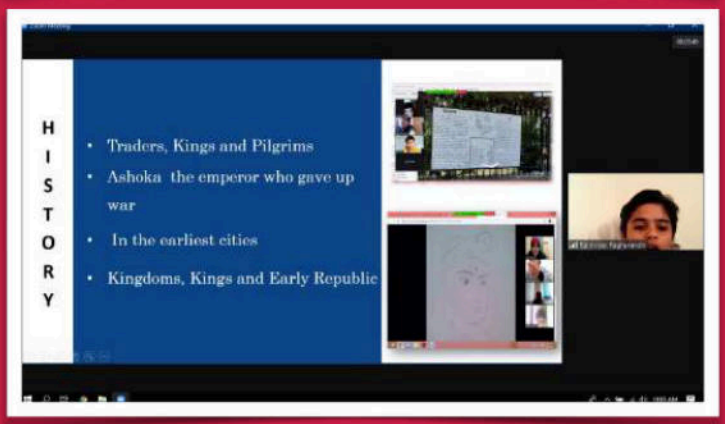

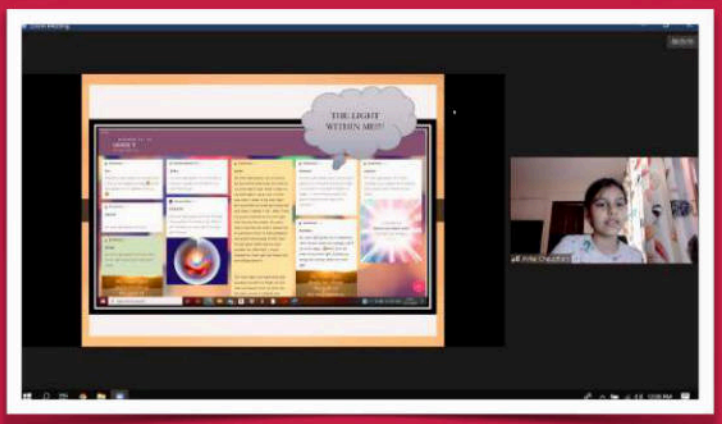

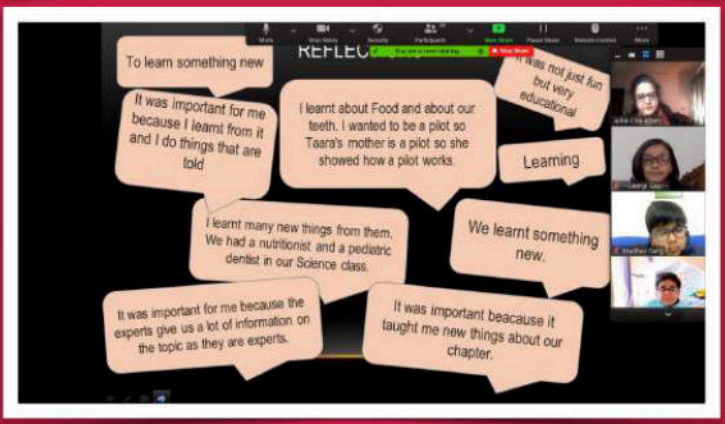

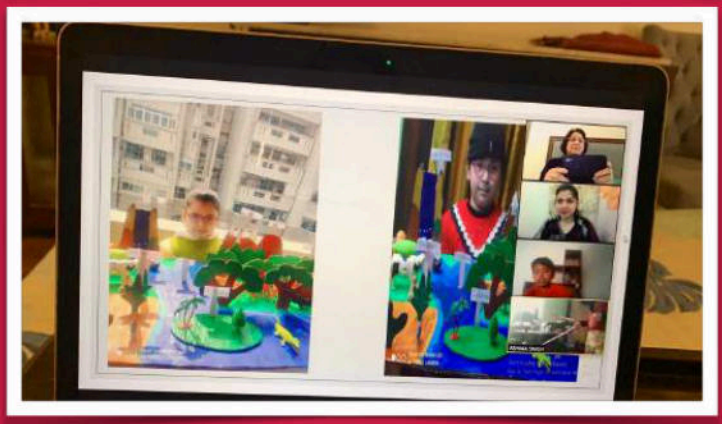

Learners' Reflection – Online Assembly
New experience; enjoyed collaborating with other grades- Ranvijay
Very nice, enjoyed collaborating with other grades- Abeer
New experience; it wasn't easy but we did it -Madhav
Great experience, had fun doing teamwork with my friends- Utkarsh
This assembly was also good but not as good as the physical assembly as we couldn't meet each other - Arsh
New but great experience, difficult but possible, enjoyed collaborating with other grades -Prabal

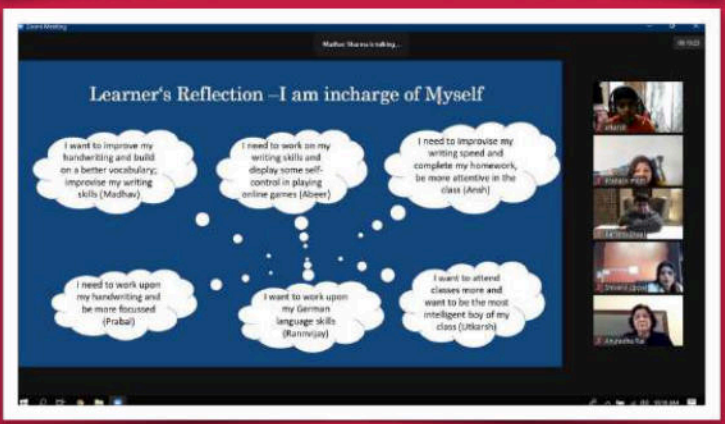

SCRATCH
Scratch is a block-based visual programming language and website targeted primarily at children 8-16 as an educational tool for coding. Users of the site can create projects on the web using a block-like interface.
HTML
Hypertext Markup Language is the standard markup language for documents designed to be displayed in a web browser. It can be assisted by technologies such as Cascading Style Sheets and scripting languages such as JavaScript
PYTHON
Python is an interpreted, high-level and general-purpose programming language. Python can be used to make games, web pages and application. It has turtle, open-source etc.

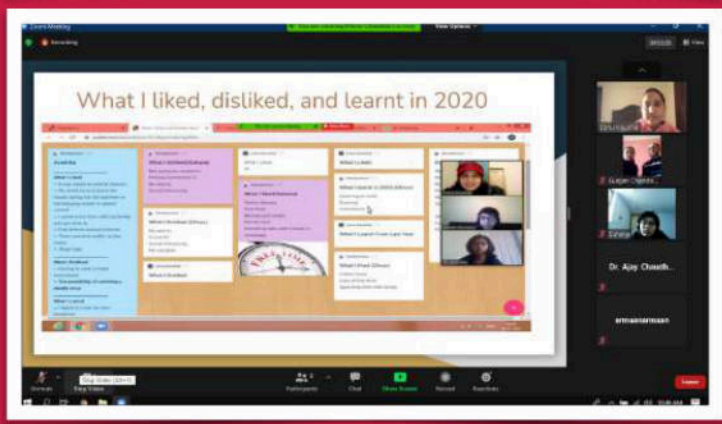

HISTORY
Traders, Kings and Pilgrims
Ashoka the emperor who gave up war
In the earliest cities
Kingdoms, Kings and Early Republic

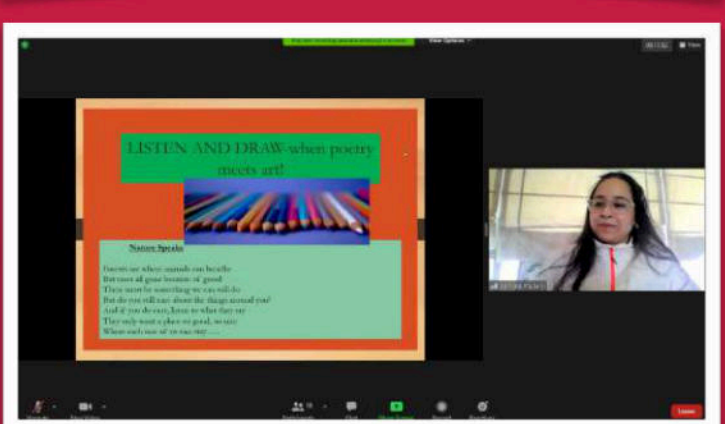

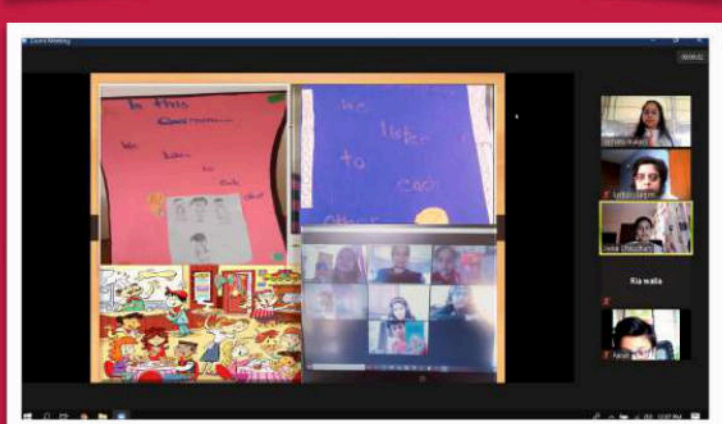

To learn something new
It was important for me because I learnt from it and I do things that are told
I learnt about Food and about our teeth. I wanted to be a pilot so Taara's mother is a pilot so she showed how a pilot works
It was not just fun but very educational
Learning
I learnt many new things from them. We had a nutritionist and a pedietric dentist in our Science class.
We learnt something new.
It was important for me because the experts give us a lot of information on the topic as they are experts.
It was important beacause it taught me new things about our chapter.

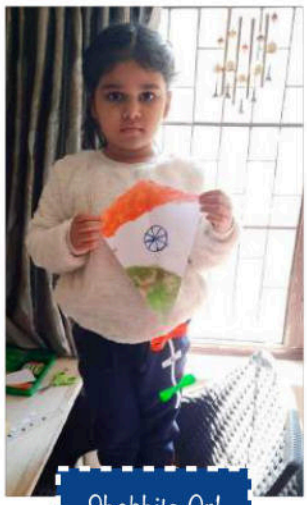

Learner's Reflection –I am incharge of Myself
I want to improve my handwriting and build on a better vocabulary; improvise my writing skills (Madhav)
I need to work on my writing skills and display some self-control in playing online games (Abeer)
I need to improvise my writing speed and complete my homework, be more attentive in the class (Arsh)
I need to work upon my handwriting and be more focussed (Prabal)
I want to work upon my German language skills (Ranvijay)
I want to attend classes more and want to be the most intelligent boy of my class (Utkarsh)

What I liked, disliked, and learnt in 2020
